Application Instructions:

Check-in may be done via phone or online at [www.savemyspot.org](http://www.savemyspot.org). Failure to check in during two consecutive months results in cancellation of application, though applicants can request that their applications be reinstated by calling within six months of the cancellation. \*\*\* CEA - COORDINATED ENTRY FOR ALL INFORMATION is offered at:

\*Main Site - Coordinated Entry for All

2-1-1 - Hours: M-F, 8am-6pm.

Description:

Coordinated Entry for All (CEA) ensures that people experiencing homelessness can get help finding stable housing. Participants attend an assessment at which CEA staff will help them identify and connect to housing support services and resources.

Program uses a standardized assessment tool that matches the right level of services and housing resources to the persons facing a housing crisis.

In some cases, clients might not receive a housing referral through CEA, but be referred to other supportive services instead.

After the assessment, clients can stay in touch with CEA to provide updates to their contact information or living situation while they wait for a referral to become available for a housing program.

When housing resources become available, clients are contacted by CEA to discuss eligibility. If the client is eligible for one of the available housing resources, CEA will refer the client to that housing program. If the resources available at that time are not a good fit, the client will remain active on the placement list until a good fit is identified.

Program information is available on the CEA website FAQ page in the following non-English languages:

- Amharic
- Russian
- Somali
- Spanish
- Tigrinya
- Vietnamese
